Taxable
Value
Act No.15
of 2003
s.53

13.-(1) Subject to the provisions of this Act, the value on which VAT shall be chargeable on a taxable supply shall be –

- (a) where a supply is for a monetary consideration the amount of the consideration excluding the VAT; or
- (b) where the supply is not for a monetary consideration, or is only partly for such a consideration, the open market value excluding the VAT; or
- (c) where the supply is not the only matter to which a consideration in monetary terms relates, the supply shall be deemed to be for such part of the consideration as is properly attributed to it.

(2) For the purposes of paragraph (b) of subsection (1) the “open market value” of supply means the value which such goods or services would fetch in the ordinary course of business between the supplier and recipient or any other person concerned in the transaction completely independent of each other, and shall be determined on the following assumptions, that is to say –

- (a) that the supply shall be treated as having been delivered to the recipient at the supplier’s place of business;
- (b) that the recipient will bear freight, insurance, and other costs, charges and expenses incidental to the supply and the delivery of the goods to him;
- (c) that the supplier will bear any duty or tax chargeable in Mainland Tanzania other than the tax payable under this Act; and
- (d) that the value covers the right to use the patent, design or trade mark in respect of the supply.

(3) For the purpose of subsection (2) –

- (a) a supply in the open market between a supplier and a recipient independent of each other pre-supposes –
 - (i) that the value is the sole consideration; and
 - (ii) that the value is not influenced by any commercial, financial or other relationship, whether by contract or otherwise, between the supplier or any person associated in any business with him and the recipient, or any person associated in any business with him (other than the relationship created by the transaction of the supply in question); and
 - (iii) that no part of the proceeds of any subsequent re-supply, use or disposal of the goods will accrue, either directly or indirectly to the supplier or any person associated in any

business with him.

(4) For the purpose of this section two persons shall be deemed to be associated in business with one another if whether directly or indirectly, either of them has any interest in any business or property of the other, or both have a common interest in any business or property, or some other third person has an interest in any business or property of both of them.

(5) Where in the opinion of the Commissioner, by reason of any fraudulent act or omission of any importer, supplier or a recipient, the taxable value of any supply is not the same as the taxable value of a similar supply, the Commissioner may, if he considers it reasonable to do so, assess the taxable value of the supply in accordance with such principles or appoint an independent professional valuer to carry out such assessment as he may consider reasonable.

Taxable value of imported goods or services
Act No. 2 of 1998

by the Minister is attributable to taxable supplies, if some but not all of the supplies effected by him in the course of his business are taxable.

(4) Input tax shall not be deducted, credited or claimed unless the taxable person, at the time of lodging the return in which the deduction or credit is claimed, is in possession of a tax invoice, or other evidence satisfactory to the Commissioner, relating to the goods or services in respect of which the tax is claimed or, in the case of imported goods such documentary evidence of the payment of tax as the Commissioner may prescribe; and a person claiming input tax in contravention of this section shall, unless he satisfies the court to the contrary, be deemed to have taken steps for the fraudulent recovery of tax in contravention of section 47.
